A Wholly-Owned Subsidiary Of The QUIKRETE® Companies

To our valued customers and suppliers:

Bulletin February 8, 2008

At the start of 2008 we are looking forward to another year of exciting growth within the Target group of companies.

Today's ever increasing competitive business environment dictates even more focus on growth and stronger presence in both the Canadian and the USA markets. The owners of Target recognize that to meet the future challenges an alliance with a larger company will give Target Customers, Target Suppliers and its staff, the tools and resources to be even more successful in the future.

An agreement was reached January 29, 2008 to sell to **The QUIKRETE® Companies of Atlanta, GA** and create a stronger and more resourceful company. QUIKRETE is a family owned business that has experienced rapid expansion across the USA. The arrangement will enable this company to grow into larger markets in a more competitive manner and expand into other business opportunities in Canada and the USA. As your partner in quality since 1961 and now our association with QUIKRETE which has been in business since 1940, we strive to supply you with quality products within specifications for a reasonable price.

I, along with my fellow former principals Dallas Mowat and John B. Giraud, will remain involved and committed to moving the business ahead in a positive manner.

We hope you are as excited with the prospects as we are. The staff at Target Products Ltd. wishes to thank you for your continuing support.
